Connect with reliable new tourism partners at wtm London 2022

Finally, borders have re-opened and clients are traveling again – recent forecasts indicate that the pre-pandemic travel volume should be reached by 2023. Moreover, studies* have shown that sustainable travel is becoming not only more important, but also necessary for peoples travel behaviour.

Import Promotion Desk (IPD), the German initiative for import promotion, mediates European tour operators to evaluated companies who really care about **sustainable tourism**. Meet them in person at this year's **World Travel Market** in London at the **International Hub 255**. You can also find some IPD partner companies from Uzbekistan at the Asian Hub 835.

Take the opportunity to get in touch with innovative tourism suppliers that offer an exceptional product range from Nepal, Tunisia, Uzbekistan, and Ecuador.

Nepal: Meet our partners from a country of intoxicating beauty. Nepal has lots to offer in terms of sustainable travel – be it hiking in the iconic Himalayas, walking around the historic sites of the Kathmandu valley or spotting tigers and elephants in the southern national parks. IPD companies from Nepal offer a wide range of products for different age groups and diverse needs.

Tunisia: Palm tree-covered oases amidst the Sahara dunes and seven Unesco World Heritage Sites make for unforgettable experiences. If you want to discover the natural beauty of North Africa away from crowded seaside hotspots, this is the place to visit. IPD partners from Tunisia provide eco-lodges, enable an acquaintance with the local culture, and show that comfort and environmental awareness can be easily combined.

Uzbekistan: Those who are interested in history, culture and outstanding architecture will find what they are looking for between the ancient cities of Samarkand, Bukhara, and Khiva. The capital city Tashkent, on the other hand, impresses with its special mixture of modern and local traditions. Nature and outdoor fans will also be thrilled by the beauty of Uzbekistan's mountain regions and yurt camps.

Ecuador: Between volcanic mountain landscapes, the Amazon rainforest and the world-famous Galapagos Islands – Ecuador scores with a wide variety of attractions for sustainable tourism. It is also a paradise for birdwatchers with its variety of tropical birds. IPD works closely with its partner organization the Ministry of Tourism of Ecuador, which will also be present at the trade fair.
