Import Promotion Desk (IPD)

Get to know evaluated suppliers from developing countries!

If you are an importer looking for reliable exporters of natural ingredients and want to open up new supply sources, then Import Promotion Desk (IPD), the initiative for import promotion, will support you.

On your behalf, we undertake the international sourcing of reliable trade partners in selected partner countries.

We identify highly promising producers for you who are able to reliably meet the demand on the European market. We prepare the suppliers thoroughly for the EU market: considering factors such as product quality, exportability, export capacity, and compliance with international standards and certifications.

We introduce you to carefully evaluated companies at trade fairs in Europe or during virtual b2b events. Thanks to our preparation, you will meet business partners who know what is important to European importers.

Our mediation is neutral, quality-conscious and free of charge.

On the following pages we present selected companies from Colombia, Côte d'Ivoire, Ecuador, Ethiopia, Indonesia, Morocco, and Sri Lanka, offering their diverse range of natural ingredients for personal care products.

We establish direct contact to these new suppliers and organise b2b meetings for you.

Get in touch with us!

IPD is an initiative of the Federation of German Wholesale, Foreign Trade and Services (BGA) and sequa, the development organisation and partner of German business.

We are funded by the Federal Ministry for Economic Cooperation and Development (BMZ).

In line with our development policy objective, we aim to increase exports from partner countries, promote innovation and higher value creation in order to contribute towards sustainable economic development in partner countries.

COLOMBIA

Agriland

Agriland is a family owned company founded in 1998 in Côte d'Ivoire. The company started with plant cultivation in its own plantations and quickly grew in the production of fresh ginger essential oil. In 2017, Agriland diversified its activities in the cold pressing of vegetable oils and butters and as agro-industrial subsidiary of the company Afreco. Afreco is specialized in sourcing in West Africa for more than 40 years. This way, the companies are able to control the quality of their products from the source and to ensure a good traceability.

All products are exported worldwide to cosmetic, pharmaceutical and food processing companies.

PRODUCTS & QUANTITIES PER YEAR

- + Wild palm kernel oil / 200t
- + Shea butter / 700t
- + Fresh ginger essential oil / 300t

CERTIFICATIONS

- + ORGANIC EU
- + KOSHER
- + HALAL

SOURCE OF RAW MATERIAL

- + Shea nuts and palm kernel are sourced from local suppliers who collect the raw material when it falls from wild trees.
- + Ginger roots are sourced from local farmers.

CÔTE D'IVOIRE

Bio Amandes

Located in Ferkessedougou in the heart of the Tchologo region of northern Côte d'Ivoire, Bio Amandes is the biggest organic and fair for life certified shea butter producing company.

Bio Amandes was created in 2018 by Eric NGuetta, a young Ivorian whose main concern was to offer quality and traceable shea butter while promoting local traditional know-how. Bio Amandes produces shea butter using modern means and offering the highest quality shea butter (international standards) while preserving the artisanal skill of extraction and production.

Bio Amandes employs 41 people and exports mainly to Europe (France, Germany, The Netherlands). The corporate social responsibility is dedicated to the empowerment of rural women involved along the processing chain.

PRODUCTS & QUANTITIES PER YEAR

- + Crude shea butter / 1,000t
- + Refined shea butter / 1,000t

CERTIFICATIONS

- + ORGANIC (EU, NOP)

ECUADOR

Tchakka Origins

Founded in 2019, Tchakka Origins is a specialty natural ingredients enterprise focused on personal care and wellness products from Ethiopian indigenous plants.

By sourcing directly and in partnership with smallholder farming communities in Ethiopia's forested and biodiverse areas, including Kafa Biosphere Reserve, Yayu Biosphere Reserve and Greater Bale, Tchakka Origins works to change the way business is done. The enterprise is embedded in the belief that ecologically and socially impactful businesses can change the course of climate change, while creating new ways of sustainably consuming plant-based products.

This is why Tchakka Origins crafts specialty essential and fatty oils, floral waters, dried herbs and ground spices from a range of plant base materials, with focus on indigenous plant species. By working in the ecosystems that we are dependent on, promoting organic agroforestry, selecting naturally high-performing and nutrient-rich plant base materials, Tchakka Origins wants to change the climate consideration for the personal care and wellness markets.

PRODUCTS & QUANTITIES PER YEAR

- + Afromum corrorima oil and distillate / 500 l
- + Nigella sativa fatty oil / 10,000 l
- + Aloysia triphylla oil and distillate / 20 l

ETHIOPIA

Aroma Atsiri

Aroma Atsiri Indonesia (AAI) provides 100 % pure & natural Indonesian origin essential oils and derivatives. AAI believes that the best quality of products comes from selecting the best raw materials, the right processes, and the best technology. Adhering to this principle AAI ensures that everything at AAI is fully integrated.

The company's continuous heavy investment in innovative technology brings them at the forefront of modern advancements, allowing AAI to create new products and keep production costs to a minimum.

AAI's research team aims to discover new and improved distillation techniques and assists growers with good farming practices. With a well-equipped and advanced lab for the quality check of their processes, the company serves the customers with a consistent and fully traceable supply of quality products.

INDONESIA

Mitra Ayu

Mitra is an innovative company that manufactures unique and high quality essential oils, oleoresins and natural isolates. All of its products are 100% pure and natural and they are all exclusively of Indonesian origin.

The slogan "Manufactured to Perfection" describes very well Mitra's culture and reputation as an innovative company that maximizes the use of state of the art green manufacturing technologies (such as supercritical CO₂ extraction, fractional distillation, and molecular distillations) to produce the best quality products.

Commitment to ethical and sustainable business practice is one of Mitra's core values besides safety, quality and passion. Even as a small family owned company, Mitra believes that through its plantation and its cooperation with government, universities and farmers, it can incrementally make a better impact towards the environment and local community.

INDONESIA

Phytochemindo Reksa

Phytochemindo Reksa is one of the leading manufacturers and suppliers of herbal plant extracts from Indonesia. The company provides services to meet the needs of the pharmaceutical, food and beverage, and cosmetic industries since 1977. They also provide toll manufacturing, formulation, and registration services for the national and international markets.

The company is Halal certified and the facilities apply GMP and ISO 22000 standards in all aspects of operations from raw materials, processing, packaging, and storage.

Phytochemindo Reksa shares a vision of modernizing traditional Indonesian herbal remedies by using cutting-edge scientific techniques and research. Through their efforts, they developed numerous herbal medications while maintaining their tradition of dedication to research and manufacturing with the highest standards of quality. Additionally, to the herbal extracts, they complement their product portfolio by producing plant powders, and essential oils.

4 Seasons Mediterranean Aromas

4 Seasons Mediterranean Aromas (4SMA) is a supplier of high-quality herbs to the cosmetic, botanical extract, spices and pharmaceutical industry. The company specializes in the cultivation and wild collection of more than 40 dried aromatic herbs. The company has over 26 years in experience in growing and exporting aromatic herbs. 4SMA is located in Morocco, a stone throw away from the south of Europe. This geographical position allows them to efficiently serve clients throughout the world.

In its own farms, 4SMA cultivates rosemary varieties, which show high levels of carmosic acid and antioxidants. Wild herbs are collected from the natural wild habitats in the heart of the Atlas and Rif he Mountains.
