

Company overview

IPD producers of sustainable seafood

The Import Promotion Desk (IPD), the German initiative for import promotion, connects European importers with selected producers of sustainable seafood. When pre-selecting companies, the IPD considers criteria such as product quality, exportability, capacity and compliance with international standards and certifications, particularly with regard to sustainable production.

Benefit from the IPD services:

- Free-of-charge contact brokering
- Transparent supply chains
- Pre-selection of the suppliers

South Africa
