Import Promotion Desk (IPD)

Connecting sustainability and innovation: Unique tourism products for the European market

The majority of travellers from Germany and Europe express the desire to travel in a way that is not only environmentally friendly, but also in tune with the cultural essence of the host country. To meet these customer expectations, European tour operators need reliable local partners.

Import Promotion Desk (IPD), the German initiative for sustainable tourism promotion, supports you in this. We connect you with carefully selected tourism companies from developing countries. Our services are neutral, quality-conscious and free of charge.

Brazil is the latest partner destination in the IPD portfolio. Together with the destinations **Ecuador**, **Nepal**, **Sri Lanka**, **Tunisia**, and **Uzbekistan** IPD can offer a variety of innovative products from niche to full DMC services.

At wtm London 2026 we will be presenting 14 partner companies introducing their unique products to the European market. You will find them across the various country pavilions – simply look out for the **“Import Promotion Desk”** sign, your mark of quality and sustainability.

On the following pages you will find detailed information about the recommended tourism businesses. All IPD companies are thoroughly evaluated and have been trained on the requirements of the European travel market. Our partners' travel offers are customised for the European market, distinct from mass tourism, and sustainable in their philosophy.

Get in touch with us!

The IPD team is on site and will gladly introduce you to the right contact person.

IPD is an initiative of the Federation of German Wholesale, Foreign Trade and Services (BGA) and sequa, the development organisation and partner of German business. IPD is funded by the Federal Ministry for Economic Cooperation and Development (BMZ) and part of the “Partners in Transformation – Business & Development Network”, into which the BMZ programmes for economic actors are organised.

Orient Expeditions is a Central Asia specialist with deep local roots, focusing on small-group tours through vibrant cultures. Its approach goes beyond sightseeing.

On its tours, local hospitality, regional traditions, encounters with artisans, and everyday life along the Silk Road play an important role.

In-depth regional knowledge, trusted local relationships, and meticulous trip planning enable the company to design authentic, well-coordinated journeys that feel personal yet are professionally organised. This combination of cultural depth, the intimacy of small groups, and reliable on-the-ground operations is what sets Orient Expeditions apart.
