## Bio Orient

Founded in 2010, Bio Orient is a Tunisian company specialised in the extraction of natural vegetable and essential oils. Its products are organic, 100% pure and natural and exclusively of Tunisian origin. The raw materials are obtained from cultivated as well as wild plants and then cold-pressed in the company's oil mill in the outskirts of the city of Sousse. Bio Orient's vision is to focus on local natural resources to create economic and employment opportunities for the region.

With new high-quality products, the company is striving to enhance its position in the local market, working towards modernizing its production techniques and refining its international marketing strategy.
